12h15	Lunch at La Fleur de Sel , Place Rabelais (on the other side of the Place)
13h00-13h40	Per Agrell and Kostas Karantinis - Cooperative Supply chains in peace and at war
13h40-14h00	Discussion Xavier Brusset
14h00-14h40	Tom van Woensel et al - A Novel Framework for Modeling Time-Dependent Routing Problems
14h40-15h00	Discussion
15h00-15h40	Tuan Le-Anh – René de Koster - Real-time scheduling approaches for vehicle-based internal transport systems
15h40-16h00	Discussion
16h00-16h40	Xavier Brusset - Presentation of intermediary results of logistics study
16h40-17h00	Coffee-Break - evolution of workshop

Address: Place Rabelais

(behind the IAG building on Place des Doyens, if you have parked at the IAG parking). When you enter the conference room is on the left. We have the left side (as it is cut in two). So the double doors on the left are the ones we should be expecting you.

Presentation equipment: A laptop and projector for PowerPoint presentations will be available. Bring CD or memory stick (USB). Paper handouts helpful but not mandatory. Expect 16 participants.

Contact: Xavier BRUSSET
