

**The Université catholique de Louvain invites applications for the following
faculty position for the academic year 2012-2013**

Starting date : 1st September, 2012

**The Université catholique de Louvain is looking for a full-time (tenured track or tenured) specialist in
Macroeconomics**

The successful candidate will conduct research in the field of short-run macroeconomics, monetary and financial macroeconomics, covering different aspects such as the analysis of fiscal and monetary policies, business cycles, financial crisis and international propagation of shocks. Preference will go to candidates showing an interest for both theoretical and empirical analysis of these issues. The successful candidate will have published in international journals.

The successful candidate will have teaching assignments in economics and in the above-mentioned fields within the various degree programmes organised by the Faculty. She/he will be capable of providing high quality teaching at both the undergraduate and graduate level, and supervising Master theses and PhD dissertations.
