

Liste des projets en Post-Doc au niveau de la R&D chez UCB :

<http://www.ucb.com/rd/post-doctoral-programme/projetc-summaries>

Les étudiants intéressés par ces projets peuvent déposer leur candidature via les liens suivants :

Post-Doc Scientist - Modeling the antibody - UK

<https://ucb.taleo.net/careersection/10000/jobdetail.ftl?lang=en&job=SLO00001610>

Post-Doc Scientist -Antibody Target Discovery and Characterization of Pathways - UK

<https://ucb.taleo.net/careersection/10000/jobdetail.ftl?lang=en&job=SLO00001608>

Post-Doc Scientist -The development of novel structure-based drug design – UK

<https://ucb.taleo.net/careersection/10000/jobdetail.ftl?lang=en&job=SLO00001609>

Post-Doc Scientist - Implementation of innovative technology platforms – Belgium & UK

<https://ucb.taleo.net/careersection/10000/jobdetail.ftl?lang=en&job=BRA00002395>

Post-Doc Scientist - Investigating the role of transporters & related proteins – Belgium

<https://ucb.taleo.net/careersection/10000/jobdetail.ftl?lang=en&job=BRA00002396>

Post-Doc Scientist - Novel targets for the treatment of Parkinson's – Belgium

<https://ucb.taleo.net/careersection/10000/jobdetail.ftl?lang=en&job=BRA00002397>

Post-Doc Scientist - Microfluidic/flow chemistry platform – Belgium

<https://ucb.taleo.net/careersection/10000/jobdetail.ftl?lang=en&job=BRA00002398>
