

Do you have high expectations? Make the sky your limit

Join our team in Luxembourg:

Actuary – Insurance Consulting (m/f)

At the heart of Europe, Luxembourg is a very cosmopolitan financial center where many European Institutions and about 150 banks are established.

The advantageous taxation, the incentives offered to families, added to the historic and cultural diversity and its vast open spaces make Luxembourg unique and a great place to live (for more information, www.lcto.lu, www.ont.lu).

Our Actuarial & Insurance Solutions practice carries out all the statutory duties of the Appointed Actuary, either acting as the Appointed Actuary for our client or supporting our client's in-house team. We assist many different types of company, from small or new insurers requiring a full Appointed Actuary service, to larger companies requiring assistance in specific areas or requiring an independent opinion.

Do you want to be a part of it? Give your career the green light and join us!

Your responsibilities

- Actively contribute to client projects of a technical actuarial nature in life, non-life and /or pensions, for example: embedded value reviews, audit support, modelling, M&A and financial reporting
- Provide professional and effective liaison with clients both internal and external to understand their business requirements
- Participate in assignments related to IFRS 4, Solvency II and in the set up of pension funds
- Involvement in the development of our actuarial service offering

Your profile

- Master degree in Actuarial Science
- At least 2 years' relevant professional experience

- Knowledge of either the life, non-life or pension industry and the ability to apply your knowledge in practical and commercial situations
- Experience of at least three of the following actuarial techniques: asset liability modelling, stochastic modelling, embedded value, USGAAP, IFRS, audit, realistic balance sheet, ICA, asset modelling, capital management, with-profits, protection, distribution, M&A / structuring
- Proven analytical and logical problem solving skills
- Client focused and able to quickly establish effective working relationships
- Fluency in French and English, knowledge of German would be considered an asset

Our focus is about you and your development. We offer a multidisciplinary environment full of challenges and development opportunities, a competitive package, numerous facilities and services (fitness center, in house restaurant, conciergerie, etc. . .) and possibilities for internal mobility or international assignments.

Do you have the ambition to join a thriving team within an international company which highly cares for the development and well being of its employees? Then apply.
