

JOB DESCRIPTION: Statistician

COMPANY DESCRIPTION

Navigha is a **project management & delivery company** of experienced professionals who share common values. As a consulting firm, we implement sustainable improvements with inspired people.

- We build an **expertise** that can only be **gained** by living through the **experience**
- We are a **partnership** of professionals who's experience was built at leading **consultancy** firms, and enforced by **operational experience** taking up executive line responsibility
- Prior missions included projects in **Belgium, Netherlands, the UK, France, Germany, Luxembourg, and Turkey**

People are our cornerstone. To deliver excellence and exceed with passion, we form them to be experts in their fields. We want our people to get even better and give them the oxygen to move up and feel great in their future careers. This is achieved through our **unique model** built on values: the **Talent Glasshouse**.

In the lead or embedded in client teams, we work in the fields of:
Project Management • Process Efficiency • Bridge the Business & IT • Interim Management

Financial Services • Industry & Telecom • Energy & Utilities • Pharmaceuticals • Public

FUNCTION DESCRIPTION

Embedded in a Navigha team at one of our clients in the pharmaceutical sector, your tasks will be among the following:
