

## NEW DOCTORAL POSITION IN BELGIUM - UCL

### DOCTORAL CONTRACT

### ***PENSION REFORM IN BELGIUM***

The Institute of Statistics, Biostatistics and Actuarial Sciences (ISBA) of Louvain-la-Neuve (UCL- Université Catholique de Louvain) will open a new position for a doctoral researcher (starting date : September 1, 2011 - duration : 3 years).

The candidate is expected to develop research in pension funding.  
The main purpose of the thesis is to develop new actuarial perspectives for the financial stability of the various Belgian pension schemes (social security and occupational benefits).

Key aspects in this field are: pay as you go, funding techniques, notional accounts, stochastic projections, macroeconomic balance sheet.

Applicants should send before June 1, 2011 a short summary of their research experience, a letter of motivation, a detailed CV and the names of at least two referees to:
