

## Life & Non-Life Actuary

**Recruiter:** ACTUARIS BELGIUM (Brussels)

We are the Belgian subsidiary of one of the leading European actuarial consulting firm: ACTUARIS INTERNATIONAL. ACTUARIS INTERNATIONAL provides consulting services for more than 200 clients worldwide. ACTUARIS INTERNATIONAL also enhances a full range of actuarial software already used by over 700 users in 23 countries.

We offer a unique work environment relying on our own view of HR management: autonomy, involvement, enthusiasm, sense of service and technical excellence.

Qualified actuary, technical expert, deeply interested in R&D, commercial or manager, you will work on innovative solutions targeting problematic of modeling, Solvency II, ERM ...

**Mission:**

ACTUARIS INTERNATIONAL is seeking Life and Non-Life actuaries for our office in Brussels to assist our clients in various insurance fields:

- Developing processes in the Solvency II environment (pillars 1 to 3)
- Modeling products & guarantees in all insurance lines of business, including Life, Healthcare, Disability, Worker's Compensation, Non-Life...
- ALM/capital allocation/Reinsurance modeling,
- Valuation and review of insurance liabilities,
- Life and Non-Life products pricing,
- Training for client teams,
- Software support.

**Experience Level / Skills:** Between 1 and 3 years.

You must have:

- background on the Solvency II environment,
- knowledge of Life, Non-Life and/or workers compensation guarantees,
- reserving and modelling skills,
- a rigorous and reliable professional approach,
- strong analytical skills,
- ability to adapt,
- very good communication skills,
- a dynamic and creative personality.

**Location:** Brussels

**Travels:** mainly Belgium and Europe

**Langage:** Dutch or French, and English.

**Salary & Bonus:** according to profile

**Contact:** please send your CV and your cover letter to [patrick.hennion@actuarisbelgium.be](mailto:patrick.hennion@actuarisbelgium.be)
