## HUSO1BA - Detailed programme

### Programme structure

In the first year, the bachelor's programme comprises a pool of subjects common to the Faculty and to specific courses in Human and Social Sciences. Thanks to this pool of common subjects, after the January session, the student may re-orient his studies if so desired, towards another programme in the Faculty.

The three year programme corresponds to 180 credits and consists of a major, an ensemble of courses, seminars and exercises, totalling 150 credits.

To widen his intellectual and professional horizons, the student may likewise choose to go more deeply into his major, via an ensemble of options (30 credits), or opt for a period of work experience (10 credits) and some options (20 credits). These choices must be approved by the Programme Supervisor.

The choice of the minor also facilitates re-orientation when it comes to choosing a master's programme. The role of the Programme Supervisor and Study Advisor is important with respect to subject choice (information, advice, etc.).

## o Option

---

Pour élargir ses horizons intellectuels et professionnels, l'étudiant peut choisir une mineure qui lui permet de découvrir une autre discipline. Le choix de la mineure facilite aussi la réorientation au moment du choix du programme de master. En la matière, le rôle du responsable de programme et du conseiller aux études est important. L'étudiant choisit une mineure accessible à son programme OU un ensemble de cours au choix dans d'autres programmes de bac OU un stage et des cours au choix.
