

1. Unemployment insurance

- (1) Introducing a declining unemployment benefit (UB) profile for low-wage workers in charge of a family (2013) + (2) Stricter eligibility conditions on UB for education-leavers (2015)
- Main research questions:
 - Do these policy reforms increase the transition to work? If so, is it at the expense of job quality?
 - What are the side effects of reform (2) on degree completion and the decision to leave the nest?
