

DOUBLE DEGREE UCLouvain-LSM & UNIPI

Double Degree in Innovation and Digital Intelligence

- Master in Business Engineering, major Innovation Management at LSM
- & Master in Digital Intelligence and Change Management at UNIPI
 - > Your programme if you spend [your YEAR 1 at LSM](#) / [your YEAR 1 at UNIPI](#) <

Double Degree in Sustainability and Digital Intelligence

- Master in Business Engineering or Management, major Sustainability Management at LSM
- & Master in Digital Intelligence and Change Management at UNIPI
 - > Your programme if you spend [your YEAR 1 at LSM](#) (Business Engineering)/ [your YEAR 1 at UNIPI](#) <
 - > Your programme if you spend [your YEAR 1 at LSM](#) (Management)/ [your YEAR 1 at UNIPI](#) <

Double Degree in European Business and Digital Intelligence

- Master in Management, major European Business at LSM
- & Master in Digital Intelligence and Change Management at UNIPI
 - > Your programme if you spend [your YEAR 1 at LSM](#) / [your YEAR 1 at UNIPI](#) <

Double Degree in Digital Intelligence and International Business

- Master in Digital Intelligence and Change Management at UNIPI
- & Master in Business Engineering or Management, major International Business at LSM
 - > Your programme if you spend [your YEAR 1 at UNIPI](#) (LSM Business Engineering) <
 - > Your programme if you spend [your YEAR 1 at UNIPI](#) (LSM Management) <

Double Degree UCLouvain-LSM & UNIPI in Innovation Management and Digital Intelligence

YEAR 1 @ UCLouvain-LSM				YEAR 2 @ UNIPI	
TERM 1		TERM 2		TERM 3	TERM 4
PART 1	PART 2	PART 1	PART 2		
2 COURSES Ethics, responsibility and sustainability: risk management (5) <i>Digital Business Systems</i> (5)	2 COURSES Innovation Management I (5) Innovation Management II (5)	2 COURSES Business and System Change: Engineering Sustainable Transformation in Complex Systems (5) <i>Managing Complexity</i> (5)	3 COURSES Knowledge Management (5) Innovation Policy and Ecosystems (5) Economics of Innovation (5)	4 COURSES Data analytics for planning and control (9) Marketing communications (9) Digitalization and AI laboratory (D&AI) (6) Career Bootcamp and Job Interview lab (1)	Legal principles of corporate governance (6) 12 ECTS of electives to be selected from the Department of Economics and Management courses.
<i>Technological Project</i> (10)					
<i>Seminar on Relational and Managerial Competences</i> (3)					
<i>Seminar on Current Managerial Issues</i> (2)				MASTER'S THESIS (20 LSM/17 UNIPI) *	
60 ECTS				Min. 63/60 ECTS	

Master in Business Engineering
120 ECTS
from UCLouvain

+

Master in Digital Intelligence and Change Management
120 ECTS
from UNIPI

* While you have only one Master's thesis to write, it will count for 20 ECTS in your UCLouvain Master's degree and 17 ECTS in your UNIPI Master's degree.

A Year at LSM

At LSM, each semester (Term) is divided into 2 parts of 6-week intensive courses. In addition to compulsory courses and seminars, you must follow the major in Innovation Management worth 25 credits. Part 2 of each semester is dedicated to your [Major in Innovation Management](#) (click on Options and then Majors to have a look at the course description).

A Year at UNIPI

For more details on the courses and up-to-date information, please visit the [UNIPI website](#)

Please note that redundancy in terms of content between 1st and 2nd Year courses is not allowed except for complementary courses (more advanced or in-depth analysis) to be validated by academic advisors. Programmes are for information purposes only and may be subject to change.

Double Degree UCLouvain-LSM & UNIPI in Innovation Management and Digital Intelligence

YEAR 1 @ UNIPI		YEAR 2 @ UCLouvain-LSM
