The French for exchange students course aims to help students learn French more effectively by giving them the tools they need to take advantage of their stay in a French-speaking environment.

Each student may take a maximum of 5 ECTS/semester and 10 ECTS/year.

Welcome week

At the beginning of each semester, we organize a welcome week to help exchange students meet with one another through different visits and activities. A registration form is sent to all students by email; the number of participants is limited to 80 to make the visits accessible to everyone.

The welcome week activities unfold in the afternoons, while the mornings are dedicated to intensive French courses.
